Dr. Williams and Mint

293 Main Street

Owego, New York 13827

Dear Gary,

Since I am now 86 my memory does not serve me as well as I would like.

I do remember that we moved to Owego in 1941 and when I was about 13 or 14 I began seeing double and it was very disconcerting.

My father sent me to Dr. Henry Quick for what I always refer to as "eye exercises". People cautioned my father that he was wasting his money but he told me to try it and believe in it and see what happens.

I am not sure how long it took but I did puzzles and all kinds of things. Truthfully it was very interesting and shortly I realized that I was seeing better and eventually my double visions was gone. BETTER YET, IT HAS NEVER RETURNED.

Dr. Quick was very good and I have been going to the same establishment ever since.

*It was interesting discussing it with you at my last appointment and I hope this letter shows someone how important it is and not to give up.*

*I am not sure if this is exactly what you had in mind but perhaps it will help someone.*

*Sincerely,*  
*Imogene L. Bradley*
